PROGRAM TO PRINT EVEN NUMBERS FROM M TO N

```c
#include<stdio.h>
#include<conio.h>
void main()
{ int m,n,i;
    printf("enter the value of m,n");
    scanf("%d %d",&m,&n);
    for(i=m;i<=n;i++)
    {   if(i%2==0)
        {printf("\n %d",i);
        }
    }
    getch();
}
```

OUTPUT

```
enter the value of m,n4 12

4
6
8
10
12
```
